QUEBEC GIANTS WIN IN A PITCHER'S DUEL

Fairbanks Team Fail to
Score In Saturday's
Game

In one of the prettiest pitching duels seen on the St. Johnsbury campus Vitty pitched for the Quebec Giants by the score of 3 to 0 Saturday afternoon. The thing that defeated the locals was the loose playing of the infield behind Vitty in one inning, for he pitched good enough ball to win any game. He passed only one man to first, allowed seven hits, two of them of the schenzy variety, besides getting one of the five hits made by his team and accepting five chances at his position. In the second inning the local infield played like a bunch of bushes and before they had finished booting them, and leaving them to all corners of the lot, the visitors had crossed the plate with two runs that looked bigger as the game progressed. Of the three outs in this inning one was a strike out, one other, Vitty threw out at the plate after recovering the ball behind third from a wild throw, and the third was tagged out at second, having oversteered the bag, after making the steal successfully.

In the fourth inning the visitors got their one earned run when Gittaway got a single, stole second and scored when Rial hit one to center field for a single. The visitors proved themselves good ball players, taking advantage of all the noobs made by the locals, and once on the bases, providing much amusement for the spectators.

Between the eighth and ninth innings, Umpire Keefe announced the attraction for next Saturday as being the Sanford, Me. team of which Freddy Parent, the former Red Sox short stop, is the manager. This outfit has a good record this season, being considered the best team in that state and the fans will miss the chance to see a real ball team if they miss this game.

Following is the box score of Saturday's game:

TEAM WITHOUT LIGHT CAUSES AUTO CRASH

Mrs. Maurice Sockol of New-
port Severely Injured
When Car Overturns

An unknown man driving without a light late Saturday evening in Newport was the cause of an accident by which two women were badly injured and one other occupant of the car was considerably bruised. The driver of the car escaped unhurt.

Mrs. Maurice Sockol of 34 Concord avenue, her seventeen year old son, Solomon Sockol, a daughter Mrs. Eva Brodie of Chelsea, Mass., and Edward Ravely of Orchard street were in the car at the time of the accident.

The party had been visiting relatives in the west end, and were returning home about ten o'clock in Saturday evening. When opposite the Vermont Toy and Novelty shop on Bay street, a team was seen coming in the middle of the road and without a light.

The driver, Solomon Sockol, who has been accustomed to drive a heavy truck, made a quick turn to the right, to avoid collision, and a little confusion at the quick action of the lighter machine, he lost control of it, and against the bank between the road and sidewalk.

The car turned turtle, hitting Mrs. Sockol underneath, but the rest were flung further away.

Their cries were heard by neighbors who rendered what assistance they could. Robert Clement with Mrs. Clement and Mrs. George Smith were the first to arrive and after extricating Mrs. Sockol from under the car took the three to their home and summoned Dr. G. F. Adams, the nearest physician, who was also assisted by Dr. B. D. Loner.

Mrs. Sockol was found to have badly fractured her right arm near the shoulder and received other injuries of a serious nature.

Mrs. Eva Brodie, a married daughter, who is a resident of Chelsea, Mass., and is at home on a visit, is also badly hurt. Her back and side are injured and one or more ribs fractured and she is suffering much pain and good deal from shock. The driver escaped unhurt, and the other member of the party, Edward Ravely received bruises, but not serious ones.

The car a Ford was considerably damaged and has been hauled to the garage for repairs.

Baby Injured In Runaway at Danville

The families of Newton Page and Arthur Wood participated in a runaway in Danville Sunday all being thrown out of an express wagon when one of the seats dropped off. The parties in the conveyance were Mr. and Mrs. Newton Page and three children and Mr. and Mrs. Arthur Wood and baby. When the seat fell off the horses began to run. All but two children of Mr. and Mrs. Page were thrown out and these two were thrown out later. Mrs. Page and Mrs. Wood each had a baby in their arms, the only one of the party to have any injuries was the infant child of Mrs. Page who was considerably bruised by the fall.

LIGHTNING STRIPS SHOE OFF WOMAN'S FOOT IN DANVILLE

During the heavy thunder shower Friday night Mrs. Zenas Kittredge was struck by a bolt and had a most unusual and nerve-wrecking experience. The bolt entered the house through the telephone wire and jumped from an aluminum clock to where Mrs. Kittredge was sitting. It entered her left arm and passed through her right leg. When Mrs. Kittredge recovered from her nervous shock she discovered that her left hand and left arm was badly burned and that the shoe on her right foot was in the middle of the room. It was evidently a light charge of the electricity as Mrs. Kittredge is not seriously affected by the accident aside from the pains from the burns on her arm.

NEWPORT PUTS OVER WHITEWASH ON LYNDONVILLE

8 to 0 Victory for Border
City Team Makes Third
Straight Win

Airtight twirling, brilliant fielding and heavy and timely hitting were the three chief factors in the white-wash administered to the Lyndonville baseball team by the Newport aggregation on the former's diamond on Saturday afternoon. More than 100 substantial supporters of the border city tribe were among the rather small audience that watched John Pooty's clan give the Caledonia county outfit a severe trouncing to the tune of 8 to 0. The royal rosters from Newport made the long trip by train and automobile, clearly demonstrating the tremendous interest being manifested in the great "come back" staged by the home town stars. The latest victory came at the conclusion of a most successful week, making the third straight win in six days and gives indications that the boys will continue their fine work throughout the remainder of the season.

Captain Harold Kennison, the "iron man" of the Newport flinging corps, nominated himself for mound duty and from the result of his masterful performance, it is easy to note that his judgement was O. K. "Shylock" was opposed on the hill by Robert Taylor, the mainstay pitcher of the Lyndonville team. Edward Wells, catcher extraordinary, was elected to receive the bullets shot from the might arm of his battery mate and his work behind the plate was 100 per cent perfect, missing nary a ball and effecting three put outs at the home station. Joseph Butler, a resident of South Boston, Mass., but a summer visitor in this section of the continent, took "Shylock" place at the keystone sack and the box score will show that the Massachusetts boy did his full share toward reducing Lyndonville's average.

Henry Thormahlen, a boy hood friend of Butler and one of the greatest pitching artists that ever struck his neck of the woods, acted as pinch hitter and for a few innings covered left field. Owing to the fine showing made by Kennison, the Sherbrooke pitcher's services in the box were not needed although he was prepared at any time to relieve the Newport speed king if he was unfortunate enough to get into danger.

The fielding of every member of the Newport team was better than it has been at any time this season and there is no doubt but what fine work will be kept up.

Following is the summary and box score.

BURGLARS BUSY IN VICINITY OF ST. JOHNSBURY

C. B. Chase's Store and Harry
Dolgin's Garage Brok-
en Into and Robbed

On Saturday and Sunday nights, two burglaries occurred in St. Johnsbury upon which the police of the village are now at work. C. B. Chase's bicycle supply and repair shop was broken into at some time Saturday night, and Harry Dolgin's garage was broken into and a large amount of tires taken at a late hour Sunday night. Both break-ins were skillfully done, and attracted no attention, so that the robbers were able to work at will and pick and choose from the stock in each place.

Mr. Dolgin closed up his garage at 10 o'clock on Sunday night and went to his home for the night. Before leaving he made sure that everything was secure and when he left, it was with a feeling of absolute safety. When his men arrived at about 6 o'clock on Monday morning the door which had been left locked, was wide open, and the lock had been broken open. Rushing in they found no one there, but the work of the thieves was evident. Mr. Dolgin was notified and came to the garage as soon as possible. He looked over the garage and reckoned what was missing. His entire stock of tires of all the best makes, both fabric and cord, had been ransacked, all had been taken from the racks and piled on the floor near the door. Evidently the robbers found that they couldn't take all so they took all the largest sizes thirty in number. The rest were left on the floor.

The cash drawer had been opened and \$54 removed. Evidently the person who opened it knew enough about cash registers to open the complicated one at the garage, but he did not close it.

Dolgin reckons his losses at about \$1,000 and has turned over the case to police. Tracks of what was evidently a touring car were found near the door, and the victim of the burglary thinks that the car went east on Portland street.

The other break was not so expensive to the proprietor of the shop. At some time after C. B. Chase's store was closed on Saturday night and before Mr. Chase went in on Sunday morning, thieves entered and robbed the place of bicycle supplies, sporting goods and a small amount of cash. Entrance was made through the door in the rear, in which a glass pane had been broken. The burglar is believed to have been the work of boys, and the police are at work on the case.

Newspaper Extra With Story That "50 Per Cent Financier" Is Insolvent Starts Rush

(By the Associated Press)
BOSTON, Aug. 2.—The Securities Exchange Co. headed by Charles Ponzi, whose alleged operations in foreign exchange are being investigated by the United States and the Attorney General, continues today the payment of notes to those investors who presented their claims. The line of persons awaiting attention was a long one, fully equaling that of the early days of last week when at the request of investigating officials Ponzi stopped taking in money from would-be depositors.

Ponzi's prompt return of funds to those who asked for them had the effect toward the end of last week of greatly diminishing the size of the line but there was evidence of a sudden renewal today of the desire to cash the notes he had issued. While his clerks were meeting these demands returning the principal to those whose 90-day notes had not matured and keeping it, it was said, to the promise to pay 50 per cent interest on mature notes, Ponzi himself issued a statement in denial of a published article by William H. McMaster, his former publicity agent, in which McMaster expressed the belief that Ponzi was hopelessly insolvent and was paying out money to some depositors at the expense of others.

"I have twice as much money as will be needed," said Ponzi, "to meet my obligations that may be presented to me" and added that McMaster never was in a position to learn his employer's financial standing or methods of operating his business. Many of those who waited for their money today were reading copies of the paper in which McMaster's article appeared.

Edwin L. Pride, who is making an audit of Ponzi's books for the federal authorities, said that thus far his audit had shown no evidence of criminality, but added that he was nowhere near done. Ponzi apparently not the least disturbed by the long line outside his door met newspaper men with his usual smile when they appeared.

Frank L. Dow has entered the employ of the Plymouth Creamery, Vernon Aiken has gone to the scale factory and Mr. Shastany is on a farm at East St. Johnsbury.
